About Halogen Foundation Singapore

Founded in 2003, Halogen Foundation Singapore is an Institution of a Public Character (IPC) charity focusing on building young leaders and entrepreneurs. Defining leadership and entrepreneurship as influence, Halogen believes that every young person has innate potential to influence and lead, becoming positive change-agents. By developing an entrepreneurial mindset, youths can be further equipped to contribute positively to society.

Halogen Foundation aims to make quality leadership and entrepreneurship education available to all young people regardless of background, race, income, or religion, particularly those who are disadvantaged - coming from challenging family backgrounds and/or are in need of financial assistance.
