

*Halogen
Charity Dinner*

SPRING INTO A NEW BEGINNING

halogen
foundation

OUR MISSION

To inspire and influence a generation of young people to lead themselves and others well.

OUR VISION

To be the recognised charity dedicated to transforming the lives of young people through leadership and entrepreneurship development.

ABOUT US

Founded in 2003, Halogen Foundation Singapore is an Institution of a Public Character (IPC) charity focusing on building young leaders and entrepreneurs. Defining leadership and entrepreneurship as influence, Halogen Foundation believes that every young person has innate potential to influence and lead, becoming positive change-agents. By developing an entrepreneurial mindset, youths can be further equipped to contribute positively to society.

Halogen Foundation aims to make quality leadership and entrepreneurship education available to all young people regardless of background, race, income, or religion, particularly those who are disadvantaged - coming from challenging family backgrounds and/or are in need of financial assistance.

MESSAGE FROM OUR

Guest of Honour

PRESIDENT HALIMAH YACOB
REPUBLIC OF SINGAPORE

Over the past 17 years, Halogen Foundation has grown as a platform for youths to take on a wider scope of leadership and community work. It seeks to influence and inspire a generation of young people to lead themselves and others well.

Halogen Foundation's work is aligned with the Government's commitment to developing youths who are future-ready and committed to Singapore. I am very pleased to have presented awards to outstanding youths who have clinched Halogen Foundation's National Young Leader Award and NFTE Global Young Entrepreneur award. The various youth development programmes of Halogen are important in helping our youths gain useful skills and develop entrepreneurial mindset – crucial life skills to thrive in the future economy.

I would also like to commend the supporters of Halogen Foundation's work. Amidst this uncertain time, the social service sector has been grappling with challenges, and having the unabated funding and support from key sponsors shows the generosity of our nation even in the toughest times. I thank Tan Chong International Limited and OUE Limited for continuing their commitment to give when the sector needs it most. We must continue to invest in our youths to better prepare them for the post-COVID-19 future, so that they can emerge stronger from this crisis.

I wish everyone a delightful evening. Thank you.

HALOGEN CHARITY DINNER CHAIRPERSON'S FOREWORD

Happy New Year to all our partners and friends!

Thank you to all our partners, sponsors, guests, and friends for taking time to join us here at the Halogen Charity Dinner 2021! It is wonderful to have all of you here with us, albeit from different venues, as we celebrate spring and a new beginning.

Tonight's dinner is themed after Spring and it speaks of the turn of a chapter into a hopeful beginning. Just like the burst of new life that emerges from the depth of winter, we believe that important values such as grit, generosity and empathy are forged through weathering the storms of life.

In the entire year of 2020, which was a notably challenging year, I have witnessed much resilience from the Halogen team. They have been constantly adapting and innovating to ensure the best outcomes for not just their projects and programmes, but also their people. Inspiring people is at the heart of what the team is doing; of what Halogen has been doing for the last 17 years.

Halogen Foundation is dedicated to educate, equip, enable, and empower every young person with the character, mindsets, and skill sets necessary to overcome the challenges that come their way. Thank you for your belief in the Halogen team, in the mission they have set out to achieve and in the impact of their youth development work.

I want to also express my deepest appreciation to the Halogen Charity Dinner Committee -- thank you for pressing on through a pandemic!

I am more than proud to be part of such a meaningful and vibrant organisation. Thank you and have a lovely evening ahead!

DR. ANN TAN

PRESENTING SPONSOR'S MESSAGE TAN CHONG INTERNATIONAL LIMITED

Tan Chong International Limited has been very pleased to partner Halogen Foundation in this programme to nurture the leaders of tomorrow. We sponsored 10 youths, matching them with mentors from different departments and companies within our group, in line with the mentees' aptitude and preferences.

The mentors gave advice and lent a listening ear; from how to manage conflict in their teams, to how to cope with stress and focus on priorities. One mentor said he was reminded himself to practice what he preached as he gave advice about the need to focus on the important things and to let go of everything else.

So, it was a two-way process which benefitted our mentors as much as the youth. As the mentees prepare to enter the working world, we hope our mentors have helped to allay their insecurities and given them the confidence to find the resources to be inspired and lead others well.

The six-month programme has ended, and I am delighted to offer internships to 70% of the cohort. These include opportunities in the automotive and hospitality industries and in corporate roles for departments like Human Resource. They will get the chance to experience a different environment and garner real life experience at the workplace. I hope this will equip them with a competitive advantage when they enter full-time employment.

I am confident the programme has given these youths an opportunity to improve their future and to make their mark in society. I would like to thank our partner Halogen for working with us on this meaningful project.

Thank you.

GET INVOLVED WITH US!

As we bring individuals together to partner us in our impact work, we also see our role in connecting partners across different sectors for a common goal. Halogen Foundation bridges connections with partners from the educational and corporate sectors. With the investment from these sectors, we can truly provide all-rounded support to the youth we serve.

Your support enables us to provide quality training on leadership, entrepreneurship and mentorship to all young people in Singapore.
