

THE YELLOW DIAMOND

Gatla

INVITATION TO
HALOGEN'S 15TH ANNIVERSARY

Thursday, 30 August 2018
Grand Ballroom, Sheraton Towers
39 Scotts Road, Singapore 228230

7:00PM Cocktails • 7:30PM Dinner

Guest-of-Honour

Speaker of Parliament, Mr Tan Chuan Jin

Founded in 2003, Halogen Foundation Singapore is a not-for-profit Institution of a Public Character (IPC) charity dedicated to building young leaders and entrepreneurs. We believe that every young person has innate influence and potential to become positive change agents in their communities. Every young person should be given the opportunity to be inspired and empowered to know that **they are worthy, they matter and they can make a difference.**

Halogen aims to make quality leadership and entrepreneurship education available to all young people regardless of their background, race, income, or religion, particularly those who are disadvantaged - coming from challenging family backgrounds and/or are on financial assistance schemes. Since our inception in 2003, we have impacted more than 140,000 students and 6,197 youth influencers across various schools and institutions in Singapore.

As we celebrate our 15th Birthday in 2018, we have charted several key thrusts in our three-year development plan that will build upon our momentum and impact. These include:

Introducing a structured mentorship programme for all youth participating in our leadership and entrepreneurship programmes.

Reaching out to more companies by providing them with opportunities to become a better “Company of Good”, in the larger framework of our Giving Nation.

Leveraging on digital technology to increase access to our quality content.

Establishing signature partnerships with tertiary and secondary institutions and other Social Service Organisations to build a robust ecosystem of support for our youths, especially for those in need.

Our Charity Gala dinner seeks to raise at least \$500,000 towards Halogen’s work. Your support and presence at our Charity Gala Dinner will go a long way in helping us achieve our goals

Lim Soon Hock
Chairman
Halogen Foundation Singapore

Dr Ann Tan
Board Member
Halogen Foundation Singapore

WHAT WE DO AT HALOGEN FOUNDATION SINGAPORE

Building young leaders and entrepreneurs through quality leadership and entrepreneurship programmes

NETWORK FOR TEACHING ENTREPRENEURSHIP (NFTE)

.....

"I learnt that firstly, failure is not a bad thing. It's just something that tells you that you can improve or do better. Secondly, be open to feedbacks, because you can learn from it. Last but not least, I learnt that we should step out of our comfort zone and ignite our curiosity because we can never know where it will lead us."

DARIRAH BINTE MOHD FADZI

15 years old, Evergreen Secondary School

Network for Teaching Entrepreneurship 2017 Winner

Business idea: To create an adaptive fashion line for the physically challenged.

.....

Network for Teaching Entrepreneurship (NFTE) is founded in the United States with more than 30 years of track record in empowering more than 700,000 young people from low-income communities across the globe. Halogen Foundation is the exclusive licensed partner of Network for Teaching Entrepreneurship (NFTE) in Singapore since 2014.

NFTE is a 60-hour funded programme designed to activate the entrepreneurial mindset and builds entrepreneurship skills in youth from underprivileged communities. NFTE's innovative, hands-on curriculum allows young people to learn entrepreneurial skills and attitudes through activities such as business opportunities recognition and market research.

As of 2018, over 710 corporate volunteers came on board as business speakers, coaches and facilitators to impart skills and share their real world experiences with the students. 976 students from 27 schools and 1 Social Service Organisation have graduated from the NFTE programme in Singapore.

Building young leaders and entrepreneurs through quality leadership and entrepreneurship programmes

NATIONAL YOUNG LEADER AWARD

“In our school, we started this initiative called the People of AES, inspired by the Humans of New York. We collect stories from anybody in our school including the teachers and support staff. When we share the people’s stories, the people will actually feel like they belong. When we hear people talk about their stories and what they have been through, in a way, the students also develop a sense of empathy.

I believe that leadership is to serve and not to be served. A true leader would be able to give his or her best to the community, no matter how big or small.”

TRINA NG HAI LING

*17 years old, Assumption English School
National Young Leader Award 2017 Winner*

In 2013, Halogen launched the National Young Leader Award (NYLA) for youth aged 15 to 19 years old, complementing the Singapore Youth Award (an award for youths under 35 years old). NYLA serves to recognise young leaders who are involved, engaged and show conviction in the things they do, regardless of their academic achievements. By showcasing the stories of these young leaders, we hope it inspires a generation of young people to rise up to be a positive influence in their communities.

HOOZYU®

“Learning what happens when my needs are not met allows me to better control my emotions and catch myself when I’m feeling a certain way.”

KERILYN CHEN

20 years old, Hoozyu participant

Backed by more than 60 years of research and empirical results, Hoozyu® is an in-depth assessment of one’s unique interests, usual behaviour, needs and stress reactions. With the kind Hoozyu® token sponsorships from the corporates, the youths are able to embark on the journey of self-discovery; be more aware of their motivations, stressors, behaviours and in tandem, make better everyday choices in relation to their circumstances. Halogen is committed to providing relevant tools for young people to lead themselves and others well.

Halogen plays the role as a youth development partner. We support organisations by moulding young people in their leadership and entrepreneurship development. From consultations in developing framework design, content contextualisation, training trainers to executing programmes, we aim to establish a foundation for our partners to build upon and transform our young people. We recognise that success is founded on **developing sustainable collaborations with like-minded partners**. Just as we are all interdependent in an ecosystem, we believe in connecting partners across different sectors together for a common goal, providing all-rounded support to youth.
